

180° HD Camera (ADC-V622) - Data Sheet

The ADC-V622 is Alarm.com's flagship camera. This wide-angle camera, designed for high-end residential video monitoring, sets itself apart through forward-looking features and a clean modern design. Covering a full 180° view, users can monitor large areas without having to purchase multiple cameras. With a simple button push on top of the camera, a user can initiate a video and Two-Way Audio call with the Alarm.com app.

For more information about Two-Way Audio, see [Two-Way Audio Installation and User Guide](#).
