

2GIG[®]
RELY

Affordable Security Made Easy

Powered by
SECURENET

Whatever your needs are

2GIG Rely is built to secure your world, not break your bank.

2GIG Rely is designed to provide professional grade security at a price any homeowner can afford.

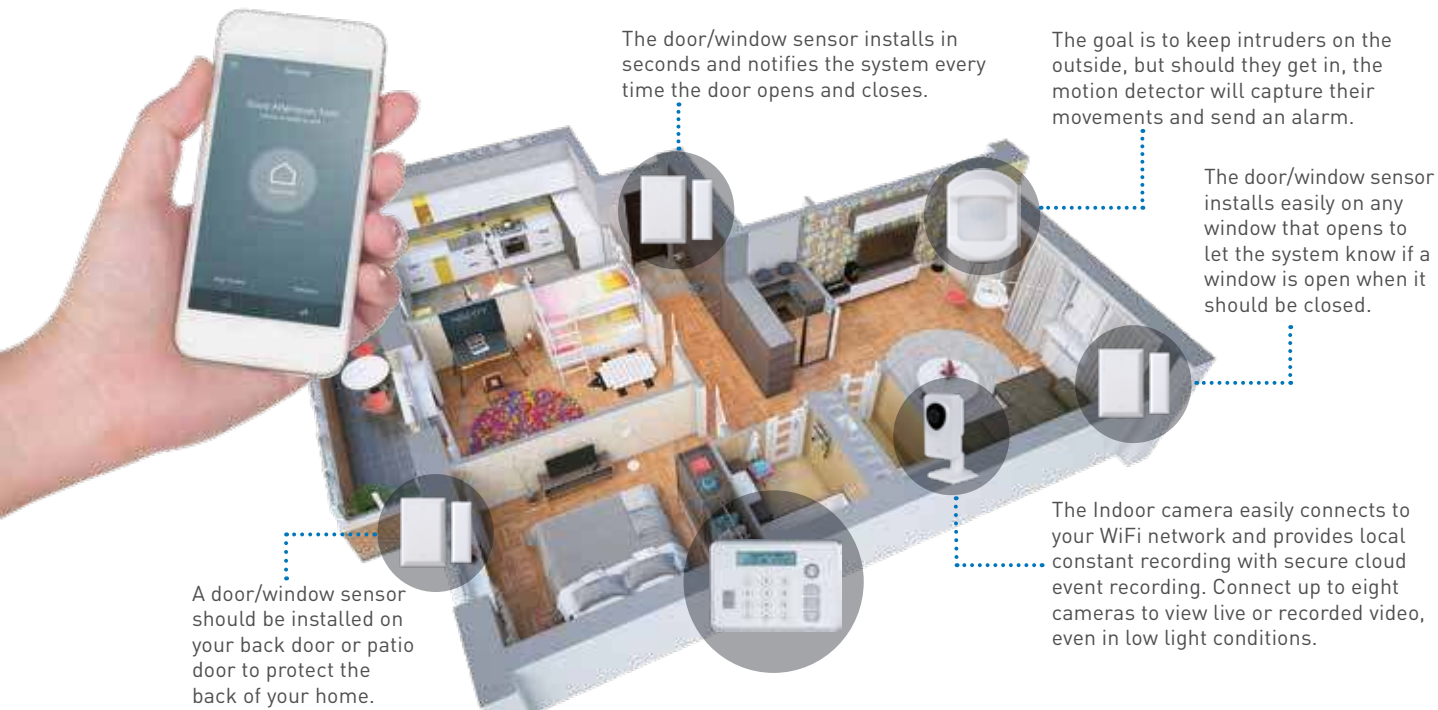

Whether living in a dorm, condo or an apartment, 2GIG Rely keeps you safe.

The Rely system is designed to be sleek in size to cover a variety of home types, keeping you safe when home or away.

Perfect for your vacation home, even when you can't be there.

2GIG Rely is a perfect solution to protect your cabin or beach house when you can't be there.

HOW YOUR 2GIG RELY SYSTEM WORKS:

Select from multiple cameras.

Select from recorded video clips.

Turn the phone or tablet sideways for full screen. Control video timeline and audio.

The keychain control allows you to arm the system as you leave or disarm your system as you return home. It will also allow you to send a panic alarm, if necessary.

2GIG Rely can grow as your life changes.

Panel Features

- Add up to 16 sensors, including security or life safety devices like smoke or carbon monoxide detectors
- Supports up to 8 users, so everyone in your family can have their own code
- Can be wall mounted, or on any surface using the provided desk mount stand

Smartlink App Features

- Helps you install the system with easy step-by-step instructions and videos
- See the current status of the system
- Arm the system when you are leaving or home for the night
- Disarm the system when you come home
- Watch live or streaming video

2GIG Rely can move to your next home and be reinstalled using the same panel and sensors. 2GIG Rely sensors also connect to other 2GIG systems, allowing you to upgrade your system in the future.

Wireless Door / Window Sensor
2GIG-DW10-345
 Add additional door / window sensors to protect more openings.

Wireless Micro Door / Window Sensor with Bypass Feature
2GIG-DW40-345
 Our smallest sensor lets you push a button on top of the sensor to bypass the zone one time, like to let the dog out or open a window, without disarming.

Wireless Recessed Door / Window Sensor
2GIG-DW20R-345
 Recess the sensor and magnet into the door and door jam or window sill to hide the presence of a security sensor.

Wireless PIR Motion Detector
2GIG-PIR1-345
 Alerts the system of any motion detected when the system is armed. Ignores movement of most pets.

Wireless Glass Break Detector
2GIG-GB1-345
 Listens for the distinct sound patterns of breaking glass to alert the system if a window is broken.

Wireless Smoke/Heat/Freeze Detector
2GIG-SMKT3-345
 This versatile sensor can be installed as a smoke detector, a heat detector or freeze detector.

Wireless Carbon Monoxide Detector
2GIG-CO3-345
 Detects harmful levels of carbon monoxide in the air and sends an alert to the system and an alarm to the monitoring station.

Wireless Keychain Remote
2GIG-KEY2-345
 Arms or disarms the system with the press of a button as you come home. Can also be used as a panic alert.

IndoorWiFi HD Camera, Powered by SecureNet
2GIG-CAM-101-NET
 Easily add to the home's WiFi network in minutes. View live or recorded video in your Smartlink app, even at night with night vision.

Set-up is as simple as 1, 2, 3

Step 1

Plug in the Rely panel and follow the simple installation wizard in the Smartlink+ App

Step 3

Use the Smartlink+ app for interactive control of your Rely system

Step 2

Install and test each sensor to finalize your account setup
